

The Contract Office: Success Stories

Savings and value delivered across multiple industries

Corporate Professionals

MasterCard International

The Contract Office became the basis for an internally branded contract hiring vehicle that saved the credit card giant an average of \$10.00 per hour to hire up to 70 programmers, business analysts, and project management professionals.

Sungard Consulting

Innovative delivered over 30 Contract Consultants within 48 hours to support a major client project, while charging 30% less than market competitors for the same talent.

Administrative, Clerical & Call Center

The Corporate Executive Board

The Contract Office has been the “first response” vehicle used to staff clerical and customer support temporaries at a flat rate that is over 30% below top market temporary agencies.

By building and managing a database of ready talent, The Corporate Executive Board is able to react quickly and affordably to support its business units in almost any administrative function.

Manufacturing & Technical Engineering

VLSIP Technologies

For over four years, Innovative has been the payroll and recruitment backbone for all technician and engineering hires for this leader in semi-conductor technologies, keeping bill rates well below what they have paid in the decade prior to their transition.

Tenaris Worldwide

Since 2004, Innovative has produced thousands of hourly manufacturing laborers in over three facilities nationwide, saving Maverick an average of \$2.00 per hour per head and nearing \$1,000,000 in total savings.

“By using Innovative for my hourly contract hires, I saved my company more in one year than our average sales people bring to the bottom line.”
VP of Human Resources, VLSIP Technologies
